

Policy on dealing with disruptive behaviour

Disruptive behaviour can be defined as any behaviour likely to interfere with the learning or well-being of the individual displaying the behaviour, or of other club members.

The behaviours which are likely to be encountered at the pool are undue noise such as screaming, being over boisterous, splashing, throwing equipment and refusing to cooperate.

The Club aim to reduce such episodes to a minimum by organising a well-structured, interesting session.

If the Club know what triggers the behaviour e.g.

Fear

Boredom

Dislike of an activity

Personality clash

then preventative action can be taken and any planned response can be discussed with parents/personal assistants/carers and helpers.

Once the planned response has been agreed it is important that all helpers are aware of this and there is a consistent response from all helpers.

The safety of the individual, other swimmers and helpers is paramount and it may be advisable to undertake a risk assessment prior to the swimmer attending again.

Date policy agreed 31st October 2016

Date for review October 2018
